| Program Dates: | July 1, 2023 – July 8, 2024 |
| Program Duration: | 53 weeks |
| Application Deadline: | January 15 |

Program Description

We are pleased to offer a 53-week hospital-based optometric residency at the University of Chicago providing advanced clinical training in ocular disease diagnosis and management. This residency involves a unique opportunity to train in a collaborative optometry/ophthalmology clinical setting. The resident will learn the intricacies of systemic based eye care and the importance of communication among medical specialties. Clinical experience will include adult and pediatric ocular disease, consult/urgent care, and rotations with ophthalmology sub-specialists. Additional education will be provided through weekly grand rounds, didactic lectures, symposiums, and journal clubs.

Residents completing the program will gain the necessary experience to:

• Pursue professional & multi-disciplinary opportunities requiring a high-level of expertise in medical eye care.
• Serve as educators and researchers in academic settings.
• Serve the profession of optometry as experts and leaders in the area of ocular disease management.
**Residency Program Design**

The resident will participate in the following activities (weekly). The average weekly commitment is expected to be 42 hours.

<table>
<thead>
<tr>
<th>Activity</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Adult Ocular Disease</td>
<td>20-24</td>
</tr>
<tr>
<td>Pediatric Ocular Disease</td>
<td>4-8</td>
</tr>
<tr>
<td>Consult/Urgent Care</td>
<td>4</td>
</tr>
<tr>
<td>Ophthalmology Sub-Specialty</td>
<td>4 (rotating quarterly)</td>
</tr>
<tr>
<td>Optometry Seminar</td>
<td>1 (bi-weekly)</td>
</tr>
<tr>
<td>Ophthalmology Ground Rounds</td>
<td>1</td>
</tr>
<tr>
<td>Personal Development</td>
<td>4</td>
</tr>
</tbody>
</table>

The resident will provide outpatient urgent/consult coverage during business hours. The resident will also have the opportunity to work alongside the consult ophthalmology resident during inpatient rounds.

The University of Chicago has a full complement of OMD sub-specialists. The resident will be able to customize their sub-specialty rotations, choosing from: Glaucoma, Retina, Cornea, Neuro-Ophthalmology, Pediatrics, and Oculoplastics.

*There are no mandatory after hour on-call responsibilities. If interested, the resident has the option to pair up with an ophthalmology resident for weekend call.*

**Educational Conferences**

Education will be provided through weekly grand rounds, didactic, lectures, symposiums, and journal clubs.

- Bi-Weekly Optometry Seminars
- Weekly Ophthalmology Grand Rounds
- Resident Education Events at ICO

**Benefits**

Benefits include eligibility to participate in medical and dental insurance programs, professional liability insurance, vacation, paid sick leave, and a travel allowance to attend optometric conferences.
Eligibility

Entry into the Optometry Residency program at the University of Chicago requires completion of Optometry school accredited by the Accreditation Council on Optometric Education (ACOE). In addition, entry requires successful passage of National Board of Examiners in Optometry® (NBEO) parts 1, 2, and 3 as well as Treatment and Management of Ocular Disease (TMOD). Applicants must be United States citizens, permanent residents, or holders of J1 visas, and be eligible for licensure in the State of Illinois.

Non-discrimination Statement

In keeping with its long-standing traditions and policies, the University of Chicago considers students, employees, applicants for admission or employment, and those seeking access to University programs on the basis of individual merit. The University does not discriminate on the basis of race, color, religion, sex, sexual orientation, gender identity, national or ethnic origin, age, status as an individual with a disability, protected veteran status, genetic information, or other protected classes under the law (including Title IX of the Education Amendments of 1972). For additional information regarding the University of Chicago’s Policy on Harassment, Discrimination, and Sexual Misconduct, please see: [http://harassmentpolicy.uchicago.edu/page/policy.](http://harassmentpolicy.uchicago.edu/page/policy)

Selection

All applications are handled online via the ORMatch System at National Matching Services, Inc. Curriculum Vitae, GPA, Board Scores, 3 Letters of Recommendation, and an Interview are used for the selection procedure.

Criteria for Completion

- Successful completion of all clinical assignments
- Attendance and participation at weekly education conferences
- A written paper of publishable quality or case report. The case report can be part of an application for fellowship in the American Academy of Optometry.
